

# IOSH Managing Safely (Part-Time)

IOSH Managing Safely is the market leading health and safety course for management. This is a flexible course for managers and supervisors in any sector, in any organisation.

The aim of this course is to train managers to apply management principles to health and safety issues as part of an overall management strategy. It is ideal for ensuring that managers are up to date with the skills they need to tackle health and safety issues in the workplace.

This course covers the following subjects:

- Assess risks
- Risk management
- Understand responsibilities
- Understand risks
- Investigate incidents
- Performance measurement
- Protection of the environment
