

Level 3 Award in Energy Efficiency Measures for Older and Traditional Buildings (Part-Time)

This course is designed to equip delegates with the knowledge and understanding of the available energy efficiency measures for older and traditional buildings.

It provides an overview of older and traditional buildings, the range of energy efficiency measures available, and how to evaluate their suitability and recommend their installation.

Entry Requirements

None

Career Prospects

Successful delegates will gain increased employment prospects in the Retrofit sector as well as the opportunity to progress onto the Level 5 Diploma in Retrofit Coordination and Risk Management course.

Course Modules

This course covers:

- Evaluating the Options for Introducing Energy Efficiency Measures to Older and Traditional Buildings
- Making Recommendations and Providing Advice on the Introduction of Energy Efficiency Measures to Older and Traditional Buildings
- Recognising the Age, Nature and Characteristics of Older and Traditional Buildings

Assessment

This qualification is assessed via three multiple choice examinations, one for each of the three units.
