

# Level 3 Certificate for Retrofit Assessors (Part-Time)

The Retrofit Assessor plays a crucial role in the UK's efforts to reduce carbon emissions by enhancing energy efficiency and retrofitting millions of homes. The responsibilities of a Retrofit Assessor are outlined in the PAS 2035 standard, which governs the professional roles involved in retrofit projects.

The primary task of a Retrofit Assessor is to conduct property visits and surveys, providing essential data to inform decisions on which measures should be implemented. Working under the guidance of a Retrofit Coordinator, the assessor evaluates the building's condition, occupancy, and significance in alignment with the PAS guidelines.

## Entry Requirements

Applicants should hold a Level 3 qualification in Domestic Energy Assessment (DEA) or equivalent upon application.

Additionally, individuals should have a background or experience in the construction industry, building services, energy efficiency, or related fields, as well as a keen interest in sustainability

## Career Prospects

Successful delegates will gain increased employment opportunities in a variety of roles, including:

- Retrofit Assessor:
- Energy Efficiency Consultant:
- Building Energy Auditor:
- Sustainability Advisor:
- Project Manager (Retrofit Projects):

## Course Modules

This course covers:

- Understanding the Principles of PAS2035, TrustMark, and the Data Warehouse

Coleg Afan  
Coleg Bannau Brycheiniog  
Academi Chweraeon Llandarcy  
Canolfan Ragoriaeth Adeiladwaith Maesteg  
Coleg Castell-nedd  
Coleg Y Drenewydd  
Coleg Pontardawe  
Canolfan Adeiladwaith Abertawe

Afan College  
Brecon Beacons College  
Llandarcy Academy of Sport  
Maesteg Construction Centre of Excellence  
Neath College  
Newtown College  
Pontardawe College
